Working for Bedouin Paths

Bedouin Paths exists in order to benefit the local community. We are not in the business of making huge profits for ourselves, and therefore neither should you be. This of course is a subtle way of saying the pay is not the best (!)

At Bedouin Paths, those employed on the commercial side (the hiking and so forth) are paid a commercial rate. Those on the ethical side (the Education and Dwellings) are sought as Volunteers which means the pay is the same as you would expect from the VSO in the UK; that is to say enough to keep you going but you are there for altruistic reasons rather than material ones. However all of you will receive benefit in kind ...

- * The thanks and appreciation of the local Bedouin people
- * A stunning landscape of undeniable beauty and wonder
- * A lifestyle of fun & laughter, hard work and easy afternoons, learning & culture
- * A real sense of achievement that will stay with you long after you depart

You will share with the Bedouin their way of life, their values and dreams and, most importantly, you will help them make those dreams become a reality. In addition Bedouin Paths looks after its people and all our roles include the following:

- * Full Board and Lodging in Katherine
- * Flights from the UK and/or your home country
- * Medical Care & Insurance
- * Holidays and time-off

Why you should work at Bedouin Paths

Some people want to work abroad for all sorts of reasons; all of them perfectly fair and reasonable. However for Bedouin Paths, you have to have specific reasons ...
